**Forrest Allen** is an accomplished fiddler and multi-instrumentalist based in Oakland, CA whose playing blends traditional old-time fiddle styles with bluegrass, gypsy jazz, and country influences.

**Deep Thicket Dwellers** are a four-piece ensemble originating from Alaska and Virginia, now based in Oakland, California. Their music weaves together Bluegrass, Old-time, Gypsy Jazz, and the playful ingenuity of John Hartford into a distinctive style called Hillbilly Jazz. With the fiddle at the heart of their sound, they deliver dynamic, high-energy performances that inspire foot-stomping revelry.
